

WOMEN'S CARE

Did you know almost 50% of the Mexican population in the United States (regardless of their immigration status) is made up by women.

The **VAIM (Ventanilla Única de Atención a la Mujer) Women Assistance Center** was created in order to meet the specific needs of this population segment and with the aim to strengthen the rights of immigrant women and provide them with the tools they need to become empowered.

Subjects of **VAIM**:

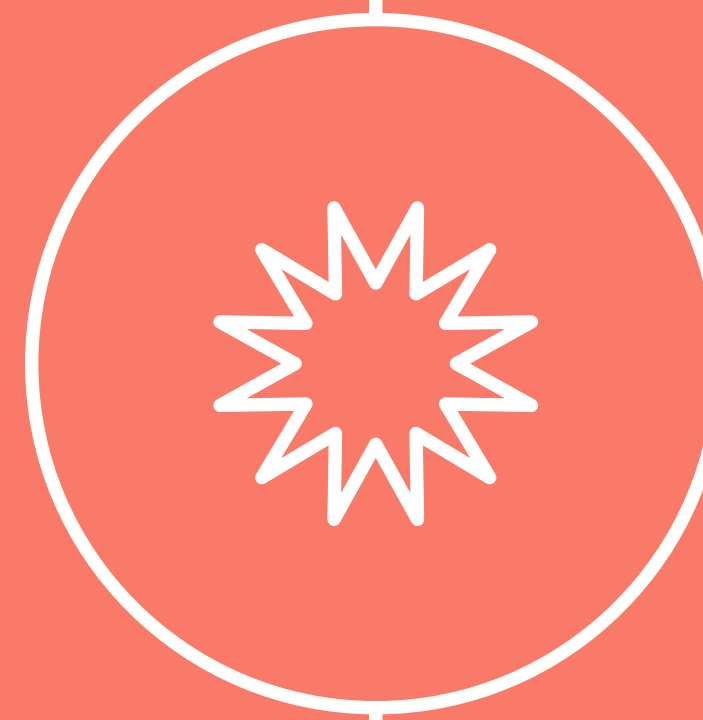

Family

Legal matters

Migration issues

Domestic violence

Financial education

Education and training

Entrepreneurship

Health and sports

Empowerment

Employment and job listings

You can find the VAIM at the consulates or local offices.
