To avoid problems, **respect the traffic laws:**

Always have your driver's license, an official identification and the car insurance documents with you

Check that the lights and the turn signals work properly

Make sure everybody in the car is wearing a seat belt

Verify that the license plates of the car you are driving are valid

Respect the speed limits

Pay your fines

Respect the road signs

Do not drink and drive

**If you are arrested** for breaking the traffic rules:

Keep calm, do not try to run away

Do not get out of the car unless the officer asks you to

Do not make suspicious movements

Show them your license
