

IF I HAVE BEEN DEPORTED, CAN I PREPARE OR MODIFY A POWER OF ATTORNEY?

If you have been deported, it is possible for you to prepare or modify a power of attorney valid in the United States. For this you must:

Visit a notary public in Mexico, who drafts and validates the Power to be apostilled

Apostille the power of attorney. The apostille is a procedure that allows legalizing documents to be valid in another country. A Power that has been properly apostilled in Mexico will be valid in the United States

Get the Power of attorney and the apostille translated into English by an expert in Mexico
